WP 1 FIELD OF PLAY & EQUIPMENT

WP 1.1 The promoting organization shall be responsible for the correct measurements and markings of the field of play and shall provide all stipulated fixtures and equipment.

WP 1.2 The layout and markings of the field of play for a game officiated by two referees shall be in accordance with the following diagram:

WP 1.3 In a game officiated by one referee, the referee shall officiate on the same side as the official table, and the goal judges shall be situated on the opposite side.

WP 1.4 The distance between the goal lines shall be not less than 20 meters and not more than 30 meters for games played by men. The distance between the goal lines shall be not less than 20 meters and not more than 25 meters for games played by women. The width of the field of play shall be not less than 10 meters and not more than 20 meters. The boundary of the field of play at each end shall be 0.30 meters behind the goal line.

WP 1.5 For FINA events the dimensions of the field of play, water depth, and temperature, and light intensity shall be as set forth in FR 7.2, FR 7.3, FR 7.4 and FR 8.3.

WP 1.6 Distinctive marks shall be provided on both sides of the field of play to denote the following:
   (a) White marks - goal line and half distance line
   (b) Red marks - 2 meters from goal lines
   (c) Yellow marks - 5 meters from goal lines

The sides of the field of play from the goal line to the 2 meter line shall be marked in red; from the 2 meter line to the 5 meter line shall be marked in yellow and from the 5 meter line to the half distance line shall be marked in green.

WP 1.7 A red mark shall be placed at each end of the field of play, 2 meters from the corner of the field of play on the side opposite to the official table, to denote the re-entry area.
WP 1.8 Sufficient space shall be provided to enable the referees to have free movement from end to end of the field of play. Space shall also be provided at the goal lines for the goal judges.

WP 1.9 The secretary shall be provided with separate red, white and blue flags, each measuring 0.35 meters x 0.20 meters.

WP 2 GOALS
WP 2.1 Two goal posts and a crossbar, rigidly constructed, rectangular with a dimension of 0.075 meters facing the field of play and painted white shall be located on the goal lines at each end, equal distances from the sides and not less than 0.30 meters in front of the ends of the field of play.

WP 2.2 The inner sides of the goal posts shall be 3 meters apart. When the water is 1.50 meters or more in depth, the underside of the crossbar shall be 0.90 meters from the water surface. When the water is less than 1.50 meters in depth, the underside of the crossbar shall be 2.40 meters from the floor of the pool.

WP 2.3 Limp nets shall be securely fastened to the goal posts and crossbar to enclose the entire goal area and shall be attached to the goal fixtures in such a manner as to allow not less than 0.30 meters clear space behind the goal line everywhere within the goal area.

WP 3 THE BALL
WP 3.1 The ball shall be round and shall have an air chamber with a self-closing valve. It shall be waterproof, without external strapping or any covering of grease or similar substance.

WP 3.2 The weight of the ball shall be not less than 400 grams and not more than 450 grams.

WP 3.3 For games played by men, the circumference of the ball shall be not less than 0.68 meters and not more than 0.71 meters, and its pressure shall be 90-97 kPa (kilo Pascal's) (13-14 pounds per square inch atmospheric).

WP 3.4 For games played by women, the circumference of the ball shall be not less than 0.65 meters and not more than 0.67 meters, and its pressure shall be 83-90 kPa (kilo Pascal's) (12-13 pounds per square inch atmospheric).

WP 4 CAPS
WP 4.1 Caps shall be of contrasting color, other than solid red, as approved by the referees, but also to contrast with the color of the ball. A team may be required by the referees to wear white or blue caps. The goalkeepers shall wear red caps. Caps shall be fastened under the chin. If a player loses the cap during play, the player shall replace it at the next appropriate stoppage of the game when the player’s team is in possession of the ball. Caps shall be worn throughout the entire game.

WP 4.2 Caps shall be fitted with malleable ear protectors which shall be the same color as the team's caps except that the goalkeeper may have red protectors.

WP 4.3 Caps shall be numbered on both sides with numbers 0.10 meters in height. The goalkeeper shall wear cap no. 1 and the other caps shall be numbered 2 to 13. A substitute goalkeeper shall wear a red cap numbered 13. A player shall not be allowed to change his cap number during the game except with the permission of a referee and with notification to the secretary.

WP 4.4 For international games, the caps shall display on the front the international three letter country code and may display the national flag. The country code shall be 0.04 meters in height.

WP 5 TEAMS AND SUBSTITUTES
WP 5.1 Each team shall consist of seven players, one of whom shall be the goalkeeper and who shall wear the goalkeeper’s cap, and not more than six reserves who may be used as substitutes. A team playing with less than 7 players shall not be required to have a goalkeeper.

WP 5.2 All players not in the game at that time, together with the coaches and officials with the exception of the head coach, shall sit on the team bench and shall not move away from the bench from the commencement of play, except during the intervals between periods or during timeouts. The head coach of the attacking team shall be allowed to move to the 5 meter line at any time. Teams shall only change ends and benches at half time and before the start of the second period of any extra time. The team benches shall both be situated on the side opposite to the official table.

WP 5.3 The captains shall be playing members of their respective teams and each shall be responsible for the good conduct and discipline of his team.

WP 5.4 Players shall wear non-transparent costumes or costumes with a separate undergarment and before taking part in a game shall remove any articles likely to cause injury.

WP 5.5 Players shall not have grease, oil or any similar substance on the body. If a referee ascertains before the start of play that such a substance has been used, he shall order it to be removed immediately. The start of play shall not be delayed for the substance to be removed. If the offense is detected after the play has started, the offending player shall be excluded from the remainder of the game and a substitute permitted to enter the field of play immediately from the re-entry area nearest to his own goal line.

WP 5.6 At any time in the game, a player may be substituted by leaving the field of play at the re-entry area nearest to his own goal line. The substitute may enter the field of play from the re-entry area as soon as the player has visibly risen to the surface of the water within the re-entry area. If a goalkeeper is substituted under this Rule, the substitute
shall be required to wear a goalkeeper’s cap. No substitution shall be made under this Rule between the time a referee awards a penalty throw and the taking of the throw, except at a timeout.

WP 5.7 A substitute may enter the field of play from any place:
(a) during the intervals between periods of play, including any periods of extra time;
(b) after a goal has been scored;
(c) during a timeout;
(d) to replace a player who is bleeding or injured.

WP 5.8 A substitute shall be ready to replace a player without delay. If the substitute is not ready, the game shall continue without the substitute and, at any time, the substitute may then enter the field of play from the re-entry area nearest to the substitute’s own goal line.

WP 5.9 A goalkeeper who has been replaced by a substitute may, if the player returns to the game, play in any position.

WP 5.10 Should a goalkeeper retire from the game through any medical reason, the referees shall allow an immediate substitution, subject to one of the players taking the goalkeeper’s cap.

WP 6 OFFICIALS
WP 6.1 For FINA events the officials shall consist of two referees, two goal judges, timekeepers and secretaries, each with the following powers and duties. Such officials shall also be provided wherever possible for other events, except that in a game refereed by two referees and no goal judges, the referees shall assume the duties (but without making the specified signals) allocated to the goal judges in WP 8.2.

[Note. Depending on the degree of importance, games can be controlled by teams of four to eight officials, as follows:

(a) Referees and goal judges:
   Two referees and two goal judges; or two referees and no goal judges; or one referee and two goal judges.

(b) Timekeepers and secretaries:
   With one timekeeper and one secretary: The timekeeper shall record the periods of continuous possession of the ball by each team, in accordance with WP 20.17. The secretary shall record the exact periods of actual play, timeouts and the intervals between periods, maintain the record of the game as set out in WP 10.1 and shall also record the respective periods of exclusion of players ordered from the water in accordance with the Rules.

   With two timekeepers and one secretary: Timekeeper No. 1 shall record the exact periods of actual play, timeouts and the intervals between periods. Timekeeper No. 2 shall record the periods of continuous possession of the ball by each team, in accordance with WP 20.17. The secretary shall maintain the record of the game and perform all other duties as set out in WP 10.1.

   With two timekeepers and two secretaries: Timekeeper No. 1 shall record the exact periods of actual play, timeouts and the intervals between periods. Timekeeper No. 2 shall maintain the record of the game as set out in WP 10.1(a). Secretary No. 1 shall maintain the record of the game as set out in WP 10.1(b), (c) and (d) relating to the improper re-entry of excluded players, improper entry of substitutes, exclusion of players and the third personal foul.

WP 7 REFEREES
WP 7.1 The referees shall be in absolute control of the game. Their authority over the players shall be effective during the whole time that they and the players are within the precincts of the pool. All decisions of the referees on questions of fact shall be final and their interpretation of the Rules shall be obeyed throughout the game. The referees shall not make any presumption as to the facts of any situation during the game but shall interpret what they observe to the best of their ability.

WP 7.2 The referees shall whistle to start and restart the game and to declare goals, goal throws, corner throws (whether signalled by the goal judge or not), neutral throws and infringements of the Rules. A referee may alter a decision provided it is done before the ball is put back into play.

WP 7.3 The referees shall refrain from declaring a foul if, in their opinion, such declaration would be an advantage to the offending player’s team. The referees shall not declare an ordinary foul when there is still a possibility to play the ball.

[Note. The referees shall apply this principle to the fullest extent. They should not, for example, declare an ordinary foul in favour of a player who is in possession of the ball and making progress towards his opponents’ goal, because this is considered to give an advantage to the offender’s team.]

WP 7.4 The referees shall have the power to order any player from the water in accordance with the appropriate Rule and to abandon the game should a player refuse to leave the water when so ordered.

WP 7.5 The referees shall have the power to order the removal from the precincts of the pool any player, substitute, spectator or official whose behavior prevents the referees from carrying out their duties in a proper and impartial manner.

WP 7.6 The referees shall have the power to abandon the game at any time if, in their opinion, the behavior of the players or spectators, or other circumstances prevent it from being brought to a proper conclusion. If the game has to be abandoned the referees shall report their actions to the competent authority.
WP 8 GOAL JUDGES

WP 8.1 The goal judges shall be situated on the same side as the official table, each on the goal line at the end of the field of play.

WP 8.2 The duties of the goal judges shall be:
(a) to signal by raising one arm vertically when the players are correctly positioned on their respective goal lines at the start of a period;
(b) to signal by raising both arms vertically for an improper start or restart;
(c) to signal by pointing with the arm in the direction of the attack for a goal throw;
(d) to signal by pointing with the arm in the direction of the attack for a corner throw;
(e) to signal by raising and crossing both arms for a goal;
(f) to signal by raising both arms vertically for an improper re-entry of an excluded player or improper entry of a substitute.

WP 8.3 Each goal judge shall be provided with a supply of balls and when the original ball has gone outside the field of play, the goal judge shall immediately throw a new ball to the goalkeeper (for a goal throw), to the nearest player of the attacking team (for a corner throw), or as otherwise directed by the referee.

WP 9 TIMEKEEPERS

WP 9.1 The duties of the timekeepers shall be:
(a) to record the exact periods of actual play, timeouts and the intervals between the periods;
(b) to record the periods of continuous possession of the ball by each team;
(c) to record the exclusion times of players ordered from the water in accordance with the Rules, together with the re-entry times of such players or their substitutes;
(d) to audibly announce the start of the last minute of the game and of the last minute of the second period of any extra time;
(e) to signal by whistle after 45 seconds and at the end of each timeout.

WP 9.2 A timekeeper shall signal by whistle (or by any other means provided it is distinctive, acoustically efficient and readily understood), the end of each period independently of the referees and the signal shall take immediate effect except:
(a) in the case of the simultaneous award by a referee of a penalty throw, in which event the penalty throw shall be taken in accordance with the Rules;
(b) if the ball is in flight and crosses the goal line, in which event any resultant goal shall be allowed.

WP 10 SECRETARIES

WP 10.1 The duties of the secretaries shall be:
(a) to maintain the record of the game, including the players, the score, timeouts, exclusion fouls, penalty fouls, and personal fouls awarded against each player;
(b) to control the periods of exclusion of players and to signal the expiration of the period of exclusion by raising the appropriate flag; except that a referee shall signal the re-entry of an excluded player or a substitute when that player’s team has retaken possession of the ball;
(c) to signal with the red flag and by whistle for any improper re-entry of an excluded player or improper entry of a substitute (including after a signal by a goal judge to indicate an improper re-entry or entry), which signal shall stop play immediately;
(d) to signal, without delay, the award of a third personal foul against any player as follows:
(i.) with the red flag if the third personal foul is an exclusion foul;
(ii.) with the red flag and a whistle if the third personal foul is a penalty foul.

WP 11 DURATION OF THE GAME

WP 11.1 The duration of the game shall be four periods each of eight minutes actual play. Time shall commence at the start of each period when a player touches the ball. At all signals for stoppages, the recording watch shall be stopped until the ball is put back into play by the ball leaving the hand of the player taking the appropriate throw or when the ball is touched by a player following a neutral throw.

WP 11.2 There shall be a two-minute interval between the first and second periods and between the third and fourth periods and a five-minute interval between the second and third periods. The teams, including the players, coaches and officials, shall change ends before starting the third period and the second period of any extra time.

WP 11.3 Should the scores be level at full time in any game for which a definite result is required, any continuation into extra time shall be after an interval of five minutes. There shall then be played two periods each of three minutes actual play with an interval of two minutes for the teams to change ends. If at the end of the two periods of extra time the score is equal, there shall be a penalty shoot out to determine the result.

[Note. If a penalty shoot out is necessary, the following procedure shall be followed:
(a) if it involves the two teams having just completed a game, the shoot out will begin immediately and the same referees will be used;
(b) otherwise, the shoot out will occur 30 minutes following the completion of the final game of that round, or at the first practical opportunity. The referees involved in the most recent game of that round will be used, provided they are neutral;
(c) if two teams are involved the respective coaches of the teams will be requested to nominate five players and goalkeeper who will participate in the penalty shoot out; the goalkeeper may be changed at any time provided the substitute was listed amongst the team list in that game;
(d) the five players nominated will be required to be listed in order and that order will determine the sequence in which those players will shoot at their opponents goal; the sequence cannot be changed;
(e) no players excluded for the game are eligible to be listed amongst those players to shoot or substitute as goalkeeper;]
WP 11.4 Any visible clock shall show the time in a descending manner (that is, to show the time remaining in a period).

WP 12  TIMEOUTS
WP 12.1 Each team shall be entitled to three timeouts in any game. The third timeout may only be requested during extra time. The duration of the timeout shall be one minute. A timeout may be requested at any time, including after a goal, by the coach of the team in possession of the ball calling “timeout” and signalling to the secretary or referee with the hands forming a T-shape. If a timeout is requested, the secretary or referee shall immediately stop the game by whistle and the players shall immediately return to their respective halves of the field of play.

WP 12.2 Play shall be restarted on the whistle of the referee by the team in possession of the ball putting the ball into play on or behind the half distance line, except that if the timeout is requested before the taking of a penalty throw or corner throw, that throw shall be maintained.

[Note. The possession clock continues from the recommencement of the play after the timeout.]

WP 12.3 If the coach of the team in possession of the ball requests an additional timeout to which the team is not entitled, the game shall be stopped and play shall then be restarted by a player of the opposing team putting the ball into play at the half distance line.

WP 12.4 If the coach of the team not in possession of the ball requests a timeout, the game shall be stopped and a penalty throw awarded to the opposing team.

WP 12.5 At the restart following a timeout, players may take any position in the field of play, subject to the Rules relating to the taking of penalty throws and corner throws.

WP 13  THE START OF PLAY
WP 13.1 Before the start of the game and in the presence of the referees, the captains shall toss a coin, the winner to have the choice of ends.

WP 13.2 At the start of each period, the players shall take up positions on their respective goal lines, about one meter apart and at least one meter from the goal posts. Not more than two players shall be allowed between the goal posts. No part of a player’s body shall be beyond the goal line at water level.

WP 13.3 When the referees are satisfied that the teams are ready, a referee shall blow the whistle to start and then release or throw the ball into play on the half distance line.

WP 13.4 If the ball is released or thrown giving one team a definite advantage, the referee shall call for the ball and award a neutral throw on the half distance line.

WP 14  METHOD OF SCORING
WP 14.1 A goal shall be scored when the entire ball has passed fully over the goal line, between the goal posts and underneath the crossbar.

WP 14.2 A goal may be scored from anywhere within the field of play; except that the goal keeper shall not be permitted to go or touch the ball beyond the half distance line.

WP 14.3 A goal may be scored by any part of the body except the clenched fist. A goal may be scored by dribbling the ball into the goal. At the start or any restart of the game, at least two players (of either team but excluding the defending goalkeeper) must intentionally play or touch the ball except at the taking of:

(a) a penalty throw;
(b) a free throw thrown by a player into the player’s own goal;
(c) an immediate shot from a goal throw; or
(d) an immediate shot from a free throw awarded outside 5 meters.

[Note. A goal may be scored by a player immediately shooting from outside 5 meters after the player’s team has been awarded a free throw for a foul committed outside 5 meters. If the player puts the ball into play, a goal can then only be scored if the ball has been intentionally touched by another player, other than the defending goalkeeper.

If at the award of a foul the ball is inside 5 meters or closer to the defending team’s goal, a goal may be scored under this Rule if the ball is returned without delay to either the place where the foul was committed, to any place on the same line as the foul or to any place behind the line of the foul provided the shot is then immediately made from that position.

A goal may not be scored under this Rule direct from the restart following:
(a) a timeout
(b) a goal
WP 14.4 A goal shall be scored if, at the expiration of 30 seconds possession or at the end of a period, the ball is in flight and enters the goal.

[Note. In the circumstances of this Rule, if the ball enters the goal after hitting the goal post, crossbar, goalkeeper or other defending player, and/or bouncing off the water, a goal shall be allowed. If the end of the period has been signalled and the ball is then played or touched intentionally by another attacking player on its way into the goal, the goal shall not be allowed.

If the ball which is in flight towards the goal in the circumstances of this Rule lands on the water and then floats completely over the goal line, the referee shall award a goal only if the ball floats over the goal line immediately due to the momentum of the shot.]

WP 15 RESTARTING AFTER A GOAL

WP 15.1 A member of the team not having scored the goal shall restart the game by blowing the whistle. At the time of the restart, actual play shall resume when the ball leaves the hand of a player of the team not having scored the goal. A restart not taken in accordance with this Rule shall be retaken.

WP 16 GOAL THROWS

WP 16.1 A goal throw shall be awarded:
(a) when the entire ball has passed fully over the goal line excluding between the goal posts and underneath the crossbar, having last been touched by any player other than the goalkeeper of the defending team;
(b) when the entire ball has passed fully over the goal line between the goal posts and underneath the crossbar, or strikes the goal posts, crossbar or the defending goalkeeper direct from:
(i) a free throw awarded inside 5 meters;
(ii) a free throw awarded outside 5 meters not taken in accordance with the Rules;
(iii) a goal throw not taken immediately;
(iv) a corner throw.

WP 16.2 The goal throw shall be taken by any player of the team from anywhere within the 2 meter area. A goal throw not taken in accordance with this Rule shall be retaken.

[Note. The goal throw shall be taken by the player nearest to the ball. There should be no undue delay in taking a free throw, goal throw or corner throw, which must be taken in such a manner so as to enable the other players to observe the ball leaving the thrower’s hand. Players often make the mistake of delaying the throw because they overlook the provisions of WP 19.4, which permit the thrower to dribble the ball before passing to another player. The throw can thus be taken immediately, even though the thrower cannot at that moment find a player to whom to pass the ball. On such an occasion, the player is allowed to take the throw either by dropping it from a raised hand on to the surface of the water (figure 1) or by throwing it in the air (figure 2) and then swim with or dribble the ball. In either case, the throw must be taken so that the other players are able to observe it.]
(c) when both referees blow their whistles at the same moment to award ordinary fouls to the opposing teams;
(d) when the ball strikes or lodges in an overhead obstruction.

WP 18.2 At a neutral throw, a referee shall throw the ball into the field of play at approximately the same lateral position as the event occurred in such a manner as to allow the players of both teams to have equal opportunity to reach the ball. A neutral throw awarded within the 2 meter area shall be taken on the 2 meter line.

WP 18.3 If at a neutral throw the referee is of the opinion that the ball has fallen in a position to the definite advantage of one team, the referee shall call for the ball and retake the throw.

WP 19 FREE THROWS
WP 19.1 A free throw shall be taken at the place where the foul occurred, except:
(a) if the ball is further from the defending team’s goal, the free throw shall be taken from the location of the ball;
(b) if the foul is committed by a defending player within the defender’s 2 meter area, the free throw shall be taken on the 2 meter line opposite to where the foul was committed or, if the ball is outside the 2 meter area, from the location of the ball;
(c) where otherwise provided for in the Rules.

A free throw taken from the wrong position shall be retaken.

WP 19.2 The time allowed for a player to take a free throw shall be at the discretion of the referees; it shall be reasonable and without undue delay but does not have to be immediate. It shall be an offense if a player who is clearly in a position most readily to take a free throw does not do so.

WP 19.3 The responsibility for returning the ball to the player who is to take the free throw shall be that of the team to which the free throw is awarded.

WP 19.4 The free throw shall be taken in a manner to enable the players to observe the ball leaving the hand of the player taking the throw, who shall also then be permitted to carry or dribble the ball before passing to another player. The ball shall be in play immediately when it leaves the hand of the player taking the free throw.

[Note. For method of taking throw, see note to WP 16.2]

WP 20 ORDINARY FOULS
WP 20.1 It shall be an ordinary foul to commit any of the following offenses (WP 20.2 to WP 20.18), which shall be punished by the award of a free throw to the opposing team.

[Note. The referees must award ordinary fouls in accordance with the Rules to enable the attacking team to develop an advantage situation. However, the referees must have regard to the special circumstance of WP 7.3 (Advantage).]

WP 20.2 To advance beyond the goal line at the start of a period, before the referee has given the signal to start. The free throw shall be taken from the location of the ball or, if the ball has not been released into the field of play, from the half distance line.

WP 20.3 To assist a player at the start of a period or at any other time during the game.

WP 20.4 To hold on to or push off from the goal posts or their fixtures, to hold on to or push off from the sides or ends of the pool during actual play or to hold on to the rails except at the start of a period.

WP 20.5 To take any active part in the game when standing on the floor of the pool, to walk when play is in progress or to jump from the floor of the pool to play the ball or tackle an opponent. This Rule shall not apply to the goalkeeper while within the goalkeeper’s 5 meter area.

WP 20.6 To take or hold the entire ball under the water when tackled.

[Note. It is an ordinary foul to take or hold the ball under the water when tackled, even if the player holding the ball has the ball forced under the water as a result of the opponent’s challenge (figure 3). It makes no difference that the ball goes under the water against the player’s will. What is important is that the foul is awarded against the player who was in contact with the ball at the moment it was taken under the water. It is important to remember that the offense can only occur when a player takes the ball under when tackled. Thus, if the goalkeeper emerges high out of the water to save a shot and then while falling back takes the ball under the water, the goalkeeper has committed no offense; but if the goalkeeper then holds the ball under the water when challenged by an opponent, the goalkeeper will have committed an infringement of this Rule and if the goalkeeper’s actions prevented a probable goal, a penalty throw must be awarded under WP 22.2.]

Figure 3

WP 20.7 To strike at the ball with a clenched fist. This Rule shall not apply to the goalkeeper while within his 5 meter area.

WP 20.8 To play or touch the ball with two hands at the same time. This Rule shall not apply to the goalkeeper while within his 5 meter area.

WP 20.9 To impede or otherwise prevent the free movement of an opponent who is not holding the ball, including swimming on the opponent’s shoulders, back or legs. “Holding” is lifting, carrying or touching the ball but does not include dribbling the ball.
[Note. The first thing for the referee to consider is whether the opponent is holding the ball, because if the player is doing so, the player making the challenge cannot be penalized for "impeding". It is clear that a player is holding the ball if it is held raised above the water (figure 4). The player is also holding the ball if the player swims with it held in the hand or makes contact with the ball while it is lying on the surface of the water (figure 5). Swimming with the ball (dribbling), as shown in figure 6, is not considered to be holding.

A common form of impeding is where the player swims across the opponent’s legs (figure 7), thus reducing the pace at which the opponent can move and interfering with the normal leg action. Another form is swimming on the opponent’s shoulders. It must also be remembered that the foul of impeding can be committed by the player who is in possession of the ball. For example, figure 8 shows a player keeping one hand on the ball and trying to force the opponent away to gain more space. Figure 9 shows a player in possession of the ball impeding the opponent by pushing the opponent back with the head.

Care must be taken with figures 8 & 9, because any violent movement by the player in possession of the ball might constitute striking or even brutality; the figures are intended to illustrate impeding without any violent movement. A player may also commit the offense of impeding even if the player is not holding or touching the ball. Figure 10 shows a player intentionally blocking the opponent with the player’s body and with the arms flung open, thus making access to the ball impossible. This offense is most often committed near the boundaries of the field of play.]

[Note. Pushing can take place in various forms, including with the hand (figure 11) or with the foot (figure 12). In the cases illustrated, the punishment is a free throw for an ordinary foul. However, referees must take care to differentiate between pushing with the foot and kicking - which then becomes an exclusion foul or even brutality. If the foot is already in contact with the opponent when the movement begins, this will usually be pushing, but if the movement begins before such contact with the opponent is made, then this should generally be regarded as kicking.]

WP 20.10 To push or push off from an opponent who is not holding the ball.

WP 20.11 For a player of the team in possession of the ball to commit an offense under WP 20.9 (to impede an opponent) or WP 20.10 (to push or push off from an opponent) before a free throw, goal throw or corner throw is taken.

WP 20.12 To be within two meters of the opponents’ goal except when behind the line of the ball. It shall not be an offense if a player takes the ball into the 2 meter area and passes it to another player who is behind the line of the ball and who shoots at goal immediately, before the first player has been able to leave the 2 meter area.

[Note. If the player receiving the pass does not shoot at goal, the player who passed the ball must immediately leave the 2 meter area to avoid being penalised under this Rule.]

WP 20.13 To take a penalty throw other than in the prescribed manner.

[Note. See WP 23.4 for method of taking a penalty throw.]

WP 20.14 To delay unduly when taking a free throw, goal throw or corner throw.

[Note. See note to WP 16.2]

WP 20.15 For a goalkeeper to go or touch the ball beyond the half distance line.

WP 20.16 To send the ball out of the side of the field of play, including the ball rebounding from the side of the field of play above water level.

WP 20.17 For a team to retain possession of the ball for more than 30 seconds of actual play without shooting at their opponent’s goal. The timekeeper recording the possession time shall reset the clock:

(a) when the ball has left the hand of the player shooting at goal. If the ball rebounds into play from the goal
post, crossbar or the goalkeeper, the possession time shall not recommence until the ball comes into the possession of one of the teams;
(b) when the ball comes into the possession of the opposing team. “Possession” shall not include the ball merely being touched in flight by an opposing player;
(c) when the ball is put into play following the award of an exclusion foul, penalty foul, goal throw, corner throw or neutral throw.

Visible clocks shall show the time in a descending manner (that is, to show the possession time remaining).

[Note. The timekeeper and referees must decide whether there was a shot goal or not but the referees have the final decision.]

WP 20.18 To waste time.

[Note. It is always permissible for a referee to award an ordinary foul under this Rule before the 30 seconds possession period has elapsed.

If the goalkeeper is the only player of the team in their half of the field of play, it shall be deemed wasting time for the goalkeeper to receive the ball from another member of the goalkeeper’s team who is in the other half of the field of play.

In the last minute, the referees must be certain that there is intentional wasting time before applying this Rule.]

WP 21 EXCLUSION FOULS

WP 21.1 It shall be an exclusion foul to commit any of the following offenses (WP 21.4 to WP 21.17), which shall be punished (except as otherwise provided by the Rules) by the award of a free throw to the opposing team and the exclusion of the player who committed the foul.

WP 21.2 The excluded player shall move to the re-entry area nearest to the player’s own goal line without leaving the water. An excluded player who leaves the water (other than following the entry of a substitute) shall be deemed guilty of an offense under WP 21.10 (Misconduct).

[Note. An excluded player (including any player excluded under the Rules for the remainder of the game) shall remain in the water and move (which may include swimming underwater) to the re-entry position nearest to the player’s own goal line without interfering with the play. The player may swim from the field of play at any point on the goal line and may swim behind the goal to reach the re-entry area provided the player does not interfere with the alignment of the goal.

On reaching the re-entry area, the excluded player shall be required to visibly rise to the surface of the water before the player (or a substitute) shall be permitted to re-enter in accordance with the Rules. However, it shall not be necessary for the excluded player to then remain in the re-entry area to await the arrival of an intended substitute.]

WP 21.3 The excluded player or a substitute shall be permitted to re-enter the field of play after the earliest occurrence of one of the following:

(a) when 20 seconds of actual play have elapsed, at which time the secretary shall raise the appropriate flag provided that the excluded player has reached the re-entry area in accordance with the Rules;
(b) when a goal has been scored;
(c) when the excluded player’s team has retaken possession of the ball (which means receiving control of the ball) during actual play, at which time the defensive referee shall signal re-entry by a hand signal;
(d) when the excluded player’s team is awarded a free throw or goal throw, the referee’s signal to award the throw qualifies as the re-entry signal, provided that the excluded player has reached the re-entry area in accordance with the Rules.

The excluded player or a substitute shall be permitted to re-enter the field of play from the re-entry area nearest to the player’s own goal line, provided that:

(a) the player has received a signal from the secretary or a referee;
(b) the player shall not jump or push off from the side or wall of the pool or field of play;
(c) the player shall not affect the alignment of the goal;
(d) a substitute shall not be permitted to enter in the place of an excluded player until that player has reached the re-entry area nearest to the player’s own goal line.

After a goal has been scored an excluded player or a substitute may re-enter the field of play from any place.

These provisions shall also apply to the entry of a substitute when the excluded player has received three personal fouls or has otherwise been excluded from the remainder of the game in accordance with the Rules.

[Note. A substitute shall not be signalled in by a referee and nor shall the secretary signal the expiration of 20 seconds exclusion period until the excluded player has reached the re-entry area nearest to the player’s own goal line. This shall also apply to the re-entry of a substitute who is to replace a player excluded from the remainder of the game. In the event of an excluded player failing to return to the player’s re-entry area, a substitute shall not be permitted to enter until a goal has been scored or at the end of a period.

The primary responsibility for giving the signal for the re-entry of an excluded player or a substitute is with the defensive referee. However, the attacking referee may also assist in this regard and the signal of either referee shall be valid. If a referee suspects an improper re-entry or the goal judge signals such an improper re-entry, then the referee should first be satisfied that the other referee had not signalled the re-entry.

Before giving the signal for the re-entry of an excluded player or a substitute, the defensive referee should wait momentarily
in case the attacking referee whistles to restore possession to the opponent’s team.

A change of possession does not occur merely because of the end of a period, but an excluded player or substitute shall be eligible to re-enter if the team wins the ball at the swim-up at the start of the next period. If a player is excluded when the end of a period is signalled, the referees and the secretary shall ensure that the teams have the correct number of players before signalling for the restart.

**WP 21.4** For a player to leave the water or sit or stand on the steps or side of the pool during play, except in the case of accident, injury, illness or with the permission of a referee.

**WP 21.5** To interfere with the taking of a free throw, goal throw or corner throw, including:

(a) intentionally to throw away or fail to release the ball to prevent the normal progress of the game;
(b) any attempt to play the ball before it has left the hand of the thrower.

*Note. A player is not to be penalised under this Rule if the player does not hear the whistle as a result of being under the water. The referees must determine if the actions of the player are intentional.*

Interference with a throw may take place indirectly when the ball is hampered, delayed or prevented from reaching the player who is to take the throw, or it may occur when the execution of the throw is interfered with by an opponent blocking the direction of the throw (figure 13) or by disturbing the actual movement of the thrower (figure 14). For interference with a penalty throw, see also WP 21.16.

**WP 21.6** To attempt to play or block a shot with two hands outside the 5 meter area.

*Note. If a defending player who is outside the 5 meter area raises two hands in an attempt to play or block a shot on a goal, the player shall be excluded.*

**WP 21.7** To splash in the face of an opponent intentionally.

*Note. Splashing is frequently used as an unfair tactic but is often only penalised in the obvious situation when players are facing one another (see figure 15). However, it can also occur less obviously when a player produces a curtain of water with an arm, seemingly without deliberate intent, in an attempt to block the view of the opponent who is about to shoot at goal or to make a pass.*

**WP 21.8** To hold, sink or pull back an opponent who is not holding the ball. “Holding” is lifting, carrying or touching the ball, but does not include dribbling the ball.

*Note. The correct application of this Rule is very important both as to the presentation of the game and in arriving at a proper and fair result. The wording of the Rule is clear and explicit and can only be interpreted in one way: to hold (figure 16), sink (figure 17) or pull back (figure 18) an opponent who is not holding the ball is an exclusion foul. It is essential that referees apply this Rule correctly, without personal arbitrary interpretation, to ensure that the proper limits to rough play are not exceeded. In addition, referees must note that an infringement of WP 21.8 within the 5 meter area which prevents a probable goal must be punished by the award of a penalty throw.*

**WP 21.9** To kick or strike an opponent intentionally or make disproportionate movements with that intent.

*Note. The offense of kicking or striking can take a number of different forms, including being committed by a player in possession of the ball or by an opposing player; possession of the ball is not a decisive factor. What is important is the action of the offending player, including if the player makes disproportionate movements in an attempt to kick or strike, even if the player fails to make contact.*
One of the most serious acts of striking is elbowing backwards (figure 19), which can result in serious injury to the opponent. Similarly, serious injury can occur when a player intentionally heads back into the face of an opponent who is marking the player closely. In these circumstances, the referee would also be justified in punishing the offense under WP 21.11 (Brutality) rather than under WP 21.9.

**Figure 19**

WP 21.10 To be guilty of misconduct, including the use of unacceptable language, violent or persistent foul play, to refuse obedience to or show disrespect for a referee or official, or behavior against the spirit of the Rules and likely to bring the game into disrepute. The offending player shall be excluded from the remainder of the game, with substitution after the earliest occurrence referred to in WP 21.3.

[Note If a member of a team commits any offense mentioned in this Rule during the interval between periods, during a time out or prior to the restart of play after his team has scored a goal, the player shall be excluded from the remainder of the game and substitution shall be permitted when, after the interval pause, the excluded player’s team has taken possession of the ball (which means receiving control of the ball), or in the other situations, after the earliest occurrence referred to in WP 21.3]

WP 21.11 To commit an act of brutality (including kicking or striking or attempting to kick or strike with malicious intent) against an opponent or official, whether during play (including any stoppages or timeouts) or the intervals between periods of play. The offending player shall be excluded from the remainder of the game and a penalty throw awarded to the opposing team. The offending player may be substituted when four minutes of actual play have elapsed.

[Notes. This Rule shall also apply if an act of brutality occurs during the intervals between periods and a penalty throw shall be awarded. These provisions shall not apply, however, before the game has actually commenced.

In the case of brutality at any time by a substitute who is not in the water during the play, the offending player shall be excluded from the remainder of the game. The captain of the team shall be ordered to remove from the water a player of the captain’s choice and the team shall continue with one less player for four minutes. The player who has been removed can subsequently be used during the remainder of the game as one of the team’s remaining players in the water and no personal foul shall be awarded in relation to the player’s removal from the water.]

WP 21.12 For a player of the team not in possession of the ball to commit any of the following offenses before a free throw, goal throw, corner throw or penalty throw is taken or for a player of either team to commit any of the following offenses before a neutral throw is taken:

- WP 20.9 - to impede an opponent
- WP 20.10 - to push or push off from an opponent
- WP 21.4 to WP 21.11 - to commit an exclusion foul

The original throw (including any neutral throw) shall be maintained. The player shall be excluded from the remainder of the game where the Rules so provide.

WP 21.13 For a player of each team to commit any of the following offenses simultaneously before a free throw, goal throw, corner throw, penalty throw or neutral throw is taken:

- WP 20.9 - to impede an opponent
- WP 20.10 - to push or push off from an opponent
- WP 21.4 to WP 21.11 - to commit an exclusion foul

Both players shall be excluded and the team in attack shall maintain possession of the ball. Players shall be excluded from the remainder of the game where the Rules so provide.

[Notes. Both players excluded under this Rule, shall be permitted to re-enter at the next earliest occurrence referred to in WP 21.3 or at the next change of possession.

If the two players who have been excluded under this Rule are eligible to re-enter before they have reached their respective re-entry areas, the defensive referee may wave in each player as soon as they are ready to re-enter. The referee does not have to wait until both players are ready to re-enter.

The team in possession of the ball when the simultaneous fouls were committed shall restart the play by taking the free throw, goal throw, corner throw or penalty throw. In the case of a neutral throw, the referee shall restart the play in accordance with WP 18.]

WP 21.14 For a player of the team in possession to commit an offense under WP 21.4 to WP 21.11 (exclusion fouls) before a free throw, goal throw, corner throw or penalty throw is taken; except that:

(a) the player shall be excluded from the remainder of the game where the Rules so provide;
(b) if the offense is committed at the taking of a penalty throw, the penalty throw shall be maintained.

WP 21.15 For an excluded player to re-enter or a substitute to enter the field of play improperly, including:

(a) without having received a signal from the secretary or referee;
(b) from any place other than the player’s own re-entry area, except where the Rules provide for immediate substitution;
(c) by jumping or pushing off from the side or wall of the pool or field of play;
(d) by affecting the alignment of the goal.
If this offense is committed by a player of the team not in possession of the ball, the offending player shall be excluded and a penalty throw awarded to the opposing team.

If this offense is committed by a player of the team in possession of the ball, the offending player shall be excluded and a free throw awarded to the opposing team.

WP 21.16 To interfere with the taking of a penalty throw. The offending player shall be excluded from the remainder of the game with substitution after the earliest occurrence referred to in WP 21.3 and the penalty throw shall be maintained or re-taken as appropriate.

[Note. The most common form of interference with a penalty throw is when an opponent aims a kick at the player taking the throw, just as the throw is about to be taken. It is essential for the referees to ensure that all players are at least 2 meters from the thrower, to prevent such interference taking place. The referee should also allow the defending team the first right to take position.]

WP 21.17 For the defending goalkeeper to fail to take up the correct position on the goal line at the taking of a penalty throw having been ordered once to do so by the referee. Another defending player may take the position of the goalkeeper but without the goalkeeper’s privileges or limitations.

WP 21.18 When a player is excluded, the exclusion period shall commence immediately when the ball has left the hand of the player taking the free throw or when the ball has been touched following a neutral throw.

WP 21.19 If an excluded player intentionally interferes with play, including affecting the alignment of the goal, a penalty throw shall be awarded to the opposing team and a further personal foul awarded against the excluded player. If the excluded player does not commence leaving the field of play almost immediately, the referee may deem this to be intentional interference under this Rule.

WP 21.20 In the event of the game continuing into extra time, the exclusion period of any excluded player shall also continue into the extra time. Personal fouls awarded during the periods of normal time shall also carry forward into extra time and any player excluded under the Rules from the remainder of the game shall not be permitted to take part in any periods of extra time.

WP 22 PENALTY FOULS

WP 22.1 It shall be a penalty foul to commit any of the following offenses (WP 22.2 to WP 22.7), which shall be punished by the award of a penalty throw to the opposing team.

WP 22.2 For a defending player to commit any foul within the 5 meter area but for which a goal would probably have resulted.

[Notes. In addition to other offenses preventing a probable goal, it is an offense within the meaning of this Rule:]

(a) for a goalkeeper or other defending player to pull down or otherwise displace the goal (figure 20);
(b) for a defending player intentionally to play or attempt to play the ball or block a shot with two hands (figure 22);
(c) for a defending player intentionally to block or attempt to block a pass with two hands;
(d) for a defending player to play the ball with a clenched fist (figure 21);
(e) for a goalkeeper or other defending player to take the ball under the water when tackled.

It is important to note that while the fouls described above, and other fouls such as holding, pulling back, impeding, etc., would normally be punished by a free throw (and exclusion if appropriate), they become penalty fouls if committed within the 5 meter area by a defending player if a probable goal would otherwise have been scored.]

WP 22.3 For a defending player within the 5 meter area to kick or strike an opponent or to commit an act of brutality. In the case of brutality, the offending player shall also be excluded from the remainder of the game, and a substitute may enter the field of play after four minutes of actual play have elapsed, in addition to the award of the penalty throw.

WP 22.4 For an excluded player intentionally to interfere with play, including affecting the alignment of the goal.

WP 22.5 For a goalkeeper or any other defending player to pull over the goal completely with the object of preventing a probable goal. The offending player shall also be excluded from the remainder of the game, with substitution after the earliest occurrence referred to in WP 21.3.

WP 22.6 For a player or substitute who is not entitled under the Rules to participate in the play at that time to enter the field of play. The offending player shall also be excluded from the remainder of the game with substitution. The substitute may enter the field of play after the earliest occurrence referred to in WP 21.3.

WP 22.7 For the coach of the team not in possession of the ball to request a timeout or for a team official to take any action
to prevent a probable goal; except that no personal foul shall be recorded for this offense.

WP 22.8 If in the last minute of the game a penalty throw is awarded to a team, the coach may elect to maintain possession of the ball and be awarded a free throw. The timekeeper recording possession time shall reset the clock.

[Note. It is the responsibility of the coach to give a clear signal without delay if the team wishes to maintain possession of the ball in accordance with this Rule.]

WP 23 PENALTY THROWS

WP 23.1 A penalty throw shall be taken by any player of the team to which it is awarded, except the goalkeeper, from any point on the opponents’ 5 meter line.

WP 23.2 All players shall leave the 5 meter area and shall be at least two meters from the player taking the throw. On each side of the player taking the throw, one player of the defending team shall have the first right to take position. The defending goalkeeper shall be positioned between the goal posts with no part of his body beyond the goal line at water level. Should the goalkeeper be out of the water, another player may take the position of the goalkeeper but without the goalkeeper’s privileges and limitations.

WP 23.3 When the referee controlling the taking of the throw is satisfied that the players are in their correct positions the referee shall signal for the throw to be taken, by whistle and by simultaneously lowering the arm from a vertical to a horizontal position.

[Note. The lowering of the arm at the same time as the signal by whistle makes it possible under any conditions, even amidst noise by spectators, to execute the throw in accordance with the Rules. As the arm is lifted, the player taking the throw will concentrate, for the player knows that the signal will follow immediately.]

WP 23.4 The player taking the penalty throw shall have possession of the ball and shall immediately throw it with an uninterrupted movement directly at the goal. The player may take the throw by lifting the ball from the water (figure 23) or with the ball held in the raised hand (figure 24) and the ball may be taken backwards from the direction of the goal in preparation for the forward throw, provided that the continuity of the movement shall not be interrupted before the ball leaves the thrower’s hand.

[Note. There is nothing in the Rules to prevent a player taking the throw with the player’s back to the goal while the player adopts a half screw or full screw action.]

WP 23.5 If the ball rebounds from the goal post, crossbar or goalkeeper it remains in play and it shall not be necessary for another player to play or touch the ball before a goal can be scored.

WP 23.6 If at precisely the same time as the referee awards a penalty throw the timekeeper whistles for the end of a period, all players except the player taking the throw and the defending goalkeeper shall leave the water before the penalty throw is taken. In this situation, the ball shall immediately be dead should it rebound into play from the goal post, crossbar or the goalkeeper.

WP 24 PERSONAL FOULS

WP 24.1 A personal foul shall be recorded against any player who commits an exclusion foul or penalty foul. The referee shall indicate the offending player’s cap number to the secretary.

WP 24.2 Upon receiving a third personal foul, a player shall be excluded from the remainder of the game with substitution after the earliest occurrence referred to in WP 21.3. If the third personal foul is a penalty foul, the entry of the substitute shall be immediate.

WP 25 ACCIDENT, INJURY AND ILLNESS

WP 25.1 A player shall only be allowed to leave the water, or sit or stand on the steps or side of the pool during play in the case of accident, injury, illness or with the permission of a referee. A player who has left the water legitimately may re-enter from the re-entry area nearest his own goal line at an appropriate stoppage, with the permission of a referee.

WP 25.2 If a player is bleeding, the referee shall immediately order the player out of the water with the immediate entry of a substitute and the game shall continue without interruption. After the bleeding has stopped, the player is permitted to be a substitute in the ordinary course of the game.

WP 25.3 If accident, injury or illness, other than bleeding, occurs, a referee may at the referee’s discretion suspend the game for not more than three minutes, in which case the referee shall instruct the timekeeper as to when the stoppage period is to commence.

WP 25.4 Should the game be stopped through accident, injury, illness, bleeding or other unforeseen reason, the team in possession of the ball at the time of the stoppage shall put the ball into play at the place of stoppage when the play is resumed.

WP 25.5 Except in the circumstances of WP 25.2 (bleeding), the player shall not be allowed to take further part in the game if a substitute has entered.

- **MWP5.2** WP11 time standards shall apply except that the duration of the Masters games shall be four periods of five minutes each actual play.

**APPENDIX A**

**INSTRUCTIONS FOR THE USE OF TWO REFEREES**

1. The referees are in absolute control of the game and shall have equal powers to declare fouls and penalties. Differences of opinion of the referees shall not serve as a basis for protest or appeal.

2. The committee or organization appointing the referees shall have power to designate the side of the pool from which each referee shall officiate. Referees shall change sides of the pool before the start of any period when the teams do not change ends.

3. At the start of the game and of each period, the starting signal shall be given by the referee on the same side as the official table.

4. After a goal, the signal to restart shall be given by the referee who was controlling the attacking situation when the goal was scored. Before restarting, the referees shall ensure that any substitutions have been completed.

5. Each referee shall have the power to declare fouls in any part of the field of play but each referee shall give their primary attention to the offensive situation attacking the goal to their right. The referee not controlling the attacking situation (the defensive referee) shall maintain a position no closer to the goal being attacked than that player of the attacking team furthest back from the goal.

6. When awarding a free throw, goal throw or corner throw, the referee making the decision shall blow the whistle and both referees shall indicate the direction of the attack, to enable players in different parts of the pool to see quickly which team has been awarded the throw. The referee making the decision shall point to where the throw is to be taken if the ball is not at that position. Referees shall use the signals set out in Appendix B to indicate the nature of the fouls which they are penalizing.

7. The signal for a penalty throw to be taken shall be made by the attacking referee, except that a player who wishes to take the throw with the left hand may request the defensive referee to make the signal.

8. When simultaneous free throws are awarded by both referees to the same team, the award shall go to the player awarded the throw by the attacking referee.

9. When simultaneous awards are made for ordinary fouls but for opposing teams, the award shall be a neutral throw, to be taken by the attacking referee.

10. When one referee awards an exclusion foul and at the same moment the other referee awards a penalty foul but for opposing teams, both the offending players shall be excluded and a neutral throw awarded.

11. When simultaneous awards are made by both referees and one is for an ordinary foul and the other is for an exclusion foul or penalty foul, the exclusion foul or penalty foul award shall be applied.

12. When players of both teams commit an exclusion foul simultaneously, whether during actual play or in dead time, the offending players shall be excluded and the team in possession shall restart play with a free throw or, if the exclusion fouls are committed in dead time, with the free throw already awarded to the team in possession.

13. In the event of simultaneous awards of penalty throws to both teams, the first throw shall be taken by the team last in possession of the ball. After the second penalty has been taken, the game shall be restarted with a neutral throw on the half distance line.
**APPENDIX B**

**SIGNALS TO BE USED BY OFFICIALS**

**Fig. A**
The referee lowers the arm from a vertical position to signal (i) the start of the period (ii) to restart after a goal (iii) the taking of a penalty throw.

**Fig. B**
To point with one arm in the direction of the attack and to use the other arm to indicate the place where the ball is to be put into play at a free throw, goal throw or corner throw.

**Fig. C**
To signal a neutral throw. The referee points to the place where the neutral throw has been awarded, points both thumbs up and calls for the ball.

**Fig. D**
To signal the exclusion of a player. The referee points to the player and then moves the arm quickly towards the boundary of the field of play. The referee then signals the excluded player’s cap number so that it is visible to the field of play and the table.

**Fig. E**
To signal the simultaneous exclusion of two players. The referee points with both hands to the two players, signals their exclusion in accordance with Fig. D, and then immediately signals the players’ cap numbers.

**Fig. F**
To signal the exclusion of a player with substitution. The referee signals exclusion in accordance with Fig. D (or Fig. E if appropriate) and then rotates the hands round one another in such a way that is visible to both the field of play and the table. The referee then signals the excluded player’s cap number to the table.

**Fig. G**
To signal the exclusion of a player without substitution. The referee signals exclusion in accordance with Fig. D (or Fig. E if appropriate) and then crosses the arms in such a way that is visible to both the field of play and the table. The referee then signals the excluded player’s cap number to the table.

**Fig. H**
To signal the award of a penalty throw. The referee raises an arm with five fingers in the air. The referee then signals the offending player’s cap number to the table.

**Fig. I**
To signal that a goal has been scored. The referee signals by whistle and by immediately pointing to the centre of the field of play.

**Fig. J**
To indicate the exclusion foul of holding an opponent. The referee makes a motion holding the wrist of one hand with the other hand.

**Fig. K**
To indicate the exclusion foul of sinking an opponent. The referee makes a downward motion with both hands starting from a horizontal position.

**Fig. L**

**Fig. O**
To indicate the ordinary foul of pushing or pushing off from an opponent. The referee makes a pushing motion away from the body starting from a horizontal position.

**Fig. P**
To indicate the ordinary foul of impeding an opponent. The referee makes a crossing motion with one hand horizontally crossing the other.

**Fig. Q**

To indicate the ordinary foul of undue delay in the taking of a free throw, goal throw or corner throw. The referee raises a hand once or twice with the palm turned upwards.

**Fig. T**
To indicate a violation of the two-meter Rule. The referee indicates the number 2 by raising the fore and middle fingers in the air with the arm vertically extended.

**Fig. U**
To indicate the ordinary fouls of wasting time and expiry of 30 seconds’ possession. The referee moves a hand in a circular motion two or three times.

**Fig. V**
By a goal judge to signal for the start of a period, a goal throw or corner throw.

**Fig. W**
By a goal judge to signal an improper start, restart or improper re-entry of an excluded player or substitute.

**Fig. X**
By a goal judge to signal a goal throw or corner throw.

**Fig. Y**
By a goal judge to signal a goal.

**Fig. Z**
To indicate a player’s cap number. To enable the referee to communicate better with the players and the secretary, signals are made using both hands if appropriate where the number exceeds five. One hand shows five fingers with the other hand showing additional fingers to make up the sum of the player’s number. For the number ten, a clenched fist is shown. If the number exceeds ten, one hand is shown as a clenched fist with the other hand showing additional fingers to make up the sum of the player’s number.
FINA CLASSIFICATION & TIE BREAK SYSTEM
BL 8.6 Classification

BL 8.6.1 Classification of Teams
The classification of teams in the Preliminary Round will be made on points namely two (2) points for each match won, one (1) point for each match drawn and zero points for each match lost.

BL 8.6.2 Forfeited Games
If a team declares a forfeit or is disqualified for one (1) or more matches, the match or matches shall be awarded to the opponent with a goal score 5 – 0.

BL 8.6.3 Tie Break System

BL 8.6.3.1 If two (2) teams shall have equal points, further classification shall be established as follows:
BL 8.6.3.1.1 The team winning the game between the two (2) teams shall be placed higher.
BL 8.6.3.1.2 If the game between the two (2) teams resulted in a tie, a further classification shall be established based on their results against the other teams including tied teams in order of their ranking; first based upon goal difference, and next, based upon goals scored. The comparison shall be made first, compared to the highest team or tied teams, and then, if still tied to the next highest team, and so on.
BL 8.6.3.1.3 If they are still tied, the tie shall be resolved by each team shooting five penalty shots at its opponent’s goal in alternate succession. The first team shall take its first penalty shot and then the other team shall take its first penalty shot, etc. If a tie shall exist after that procedure, each team shall then take alternate shots until one team scores and the other misses. BL 8.6.3.2.2 The results among the tied teams shall determine the placings. The comparison shall be made upon first, the points of the games among them, next, the goal difference, and next, based upon goals scored.
BL 8.6.3.2.3 If more than two (2) teams are then still tied, a further classification shall be established based on their results against the other teams including tied teams in order of their ranking; first, based upon goal difference, and next, based upon goals scored. The comparison shall be made first, compared to the highest team or tied teams, and then, if still tied, to the next highest team or tied teams, and so on.
BL 8.6.3.2.4 If they are still tied, the tie shall be resolved by each team shooting five penalty shots at its opponent’s goal in alternate succession. The first team shall take its first penalty shot and then the other team shall take its first penalty shot, etc. If a tie shall exist after that procedure, each team shall then take alternate shots until one team misses and the other(s) score. Different members of the team must shoot each shot. The procedure shall be conducted following the final game of that round or at the first practical opportunity.

1.4. The distance between the goal lines shall be not less than 20 meters and not more than 25 meters for games played by women.

1.6. The 4 meter line and 7 meter line are eliminated and combined to be a 5 meter line. Markings for the side of the field of play are white for the goal line and half distance line, red from the goal line to the 2 meter line, yellow from the 2 to the 5 meter line, and green from the 5 meter line to the half distance line.

4.2. Caps shall be fitted with earguards in all competitions.

4.3. A substitute goalkeeper shall wear a red cap numbered 13.

5.2. The head coach of the attacking team shall be allowed to move to the 5 meter line at any time.

11.1. The duration of the game shall be four periods each of eight minutes actual play.

11.2. There shall be a two-minute interval between the first and second periods and between the third and fourth periods and a five-minute interval between the second and third periods.

11.2 (and 5.2). Teams shall change ends before starting the third period and the second period of any extra time.

11.3. There is a five minute interval before the start of any extra time; and an interval of two minutes between the two extra time periods.

11.3(f). In the case of a penalty shoot out, if the goalkeeper is excluded during the penalty shoot out, a player from the nominated five players may substitute for the goalkeeper but without the privileges of the goalkeeper; following the taking of the penalty shot, the goalkeeper may be substituted by another player or alternate goalkeeper.

12.1. A timeout may be requested at any time, including after a goal, by the coach of the team in possession of the ball. The players shall immediately return to their respective halves of the field of play.

12.2. After a timeout play shall be restarted by the team in possession of the ball putting the ball into play on or behind the half distance line except …

14.3. A goal may be scored by a player immediately shooting from outside 5 meters after the player’s team has been awarded a free throw for a foul committed outside 5 meters.

16.1. A goal throw shall be awarded when the ball passes fully over the goal line excluding between the goal posts and underneath the crossbar, having last been touched by any player other than the goalkeeper of the defending team.

Interpretation: If the ball is sent out of the side of the field of play following a shot having last been touched by a field player of the defending team, a free throw is awarded to the defending team. This situation is covered under the same Rule as a shot having last been touched by a field player of the defending team and the ball going over the goal line.

16.2. The goal throw shall be taken by any player of the team from anywhere within the 2 meter area. The goal throw shall be taken by the player nearest to the ball.

17.1. A corner throw shall be awarded when the entire ball has passed fully over the goal line excluding between the goal posts and underneath the crossbar, having last been touched by the goalkeeper of the defending team or when a defending player deliberately sends the ball over the goal line.

Interpretation: If a defensive player deflects a pass and sends the ball out over the goal line, play shall be restarted with a corner throw. This action is considered as deliberately sending the ball over the goal line.

18.6. It is an exclusion foul to attempt to play or block a shot with two hands outside the 5 meter area. Note: If a defending player who is outside the 5 meter area raises two hands in an attempt to play or block a shot on a goal, the player shall be excluded.

Interpretation: If a defensive player attempts to block a shot with 2 hands, the player shall be punished with a penalty shot when the defensive player is inside the 5 meter area and an exclusion foul when the defensive player is outside the 5 meter area.

NOTE: The player does not actually have to touch the ball and a shot does not have to be actually taken; the player is being punished for intent.

21.10. The exclusion foul of misconduct is now defined as the use of unacceptable language, violent or persistent foul play, to refuse obedience to or show disrespect for a referee or official, or behavior against the spirit of the Rules and likely to bring the game into disrepute. (The separate rule for disrespect is eliminated.)

Interpretation: If a player of either team commits misconduct or any other offense during the interval between periods, during a timeout, or prior to the restart after a goal, the player shall be excluded from the remainder of the game and the substitute shall be eligible to re-enter immediately prior to the restart of the game.

NOTE: If the exclusion is during interval time the game will restart with a sprint for the ball; after a timeout with a free throw to the team that requested the timeout; following the goal with a free throw to the team which was defending before the goal was scored.

21.11. If a player commits an act of brutality, the offending player shall be excluded from the remainder of the game and a penalty throw awarded to the opposing team. The offending player may be substituted when four minutes of actual play have elapsed. (The Note is deleted which stated that in the last minute of the game, the referee may delay calling brutality until next change of possession.)

Interpretation: When a player is excluded for brutality the secretary, after 4 minutes, will signal the substitute to re-enter the field of play with two flags, one yellow flag and the other flag of the corresponding cap color.
21.13 For a player of each team to commit the foul of impeding (20.9), pushing or pushing off an opponent (20.10) or an exclusion foul (21.4-21.11) simultaneously before a free throw, goal throw, corner throw, penalty throw or neutral throw is taken, both players shall be excluded and the team on attack shall maintain possession of the ball with a new 30-second possession clock, restarting the play by taking the free throw, goal throw, corner throw or penalty throw. If neither team has possession, then a neutral throw is awarded. Note: Also see Appendix A-12.

21.15 It is an exclusion foul for an excluded player or a substitute to enter the field of play improperly. If this offense is committed by a player of the team not in possession of the ball, the offending player shall be excluded for 20 seconds and a penalty shot awarded to the opposing team; if this offense is committed by a player of the team in possession of the ball, the offending player shall be excluded for 20 seconds and a free throw awarded to the opposing team.

Interpretation: If a defensive player re-enters the field of play improperly, the player is excluded for an additional 20 seconds and a penalty throw is awarded to the attacking team. However, on the score sheet only one additional personal foul (marked as E.P.) shall be recorded against the offending player.

Interpretation: If an offensive player re-enters the field of play improperly, the player is excluded for an additional 20 seconds and a free throw is awarded to the opposing team. On the score sheet an additional personal foul shall be recorded against the offending player.

22. References to entering improperly during the last minute of the game or during the last minute of the second period of any extra time have been removed from the rules.

22.2. A penalty shot is awarded for those penalty fouls committed inside the 5 meter line. It is a penalty foul for a defending player intentionally to play or attempt to play the ball or block a shot with two hands or for a defending player intentionally to block or attempt to block a pass with two hands inside the 5 meter area.

Interpretation: If a defensive player attempts to block a shot with 2 hands, the player shall be punished with a penalty shot when the defensive player is inside the 5 meter area and an exclusion foul when the defensive player is outside the 5 meter area

NOTE: The defensive player does not have to touch the ball and a shot does not have to be taken. The player is being punished for intent.

Interpretation: A field player who replaces an excluded goalkeeper must play the position without the privileges of the goalkeeper. If the player attempts to play the ball with two hands, a penalty throw shall be awarded.

22.8 If in the last minute of the game a penalty throw is awarded to a team, the coach may elect to maintain possession of the ball and be awarded a free throw, with a new 30-second clock.

Interpretation: If a team is awarded a penalty throw in the last minute of regulation time or the last minute of the second extra time period, the coach may request to maintain the possession of the ball in lieu of taking the penalty throw. The coach must show the referee immediately by crossing arms in front of the chest to signal possession, or show 5 fingers to request a penalty throw. If a team requests possession, play shall be restarted on the half distance line or behind the half distance line with a new possession clock.

23.1 The penalty shot is taken from the 5 meter line.

Appendix A-12: When players of both teams commit an exclusion foul simultaneously, whether during actual play or in dead time, the offending players shall be excluded and the team in possession shall restart play with a free throw or, if the exclusion fouls are committed in dead time, with the free throw already awarded to the team in possession.
